Assignment 3

Achievement criteria	D	C	B	A
3.1.1 – Use credible information sources.	No credible sources are used	Credible sources used but lacking scholarly peer-reviewed information	Three scholarly peer-reviewed sources used	Three scholarly peer-reviewed sources used that have been discussed in the context of a broader range of credible information
3.1.2 – Summarise sources of information in your own words, identifying key points	Misses many key points, OR no restructuring of knowledge, OR inclusion of irrelevant information, OR inaccurate restructuring and consistently poor paraphrasing	Captures most of the main points with attempt at restructuring, OR captures all the main points but without substantively restructuring	Key concepts are captured with evidence of restructured knowledge – e.g. own words, own structure	Key concepts are communicated clearly and succinctly AND ideas are fully restructured from source materials
3.2.1 – Use citations and references appropriately to attribute the ideas in your writing.	Statements repeatedly lack in text citations, OR incorrect attributions made, Or Multiple omissions from reference list	Few unsupported statements BUT some errors in citation or referencing	Consistent attribution of sources, AND complete reference list BUT some minor errors in citation or referencing	Consistent and accurate attribution of sources, AND complete reference list
3.2.2 – Using appropriate structure for a formal technical report	Lacks appropriate sections and shows no logical progression in structure	Contains appropriate sections, but some inconsistencies in structure OR Logical progression of ideas, but lacking formal structure	Logically structured and appropriate sections with some attempts at creating connections between sections	Well-structured and well-connected sections with clear logical progression of structure

3.2.3 – Convey information to the target audience for this technical report.	Language, tone and information selected shows lack of awareness of selected audience	Awareness of audience inconsistently visible through language and tone	Appropriate use of language and tone showing consistent awareness of target audience	Consistent awareness of audience with information presented in manner designed to effectively engage the Massey Senior Leadership Team
3.2.4 – Report has clear Purpose.	Purpose of report is not evident due to lack of aim statement	Introduction presents an aim for the report	Introduction presents an aim for the report, AND Aim is relevant in the context of report title	Introduction presents an aim for the report, AND Aim is relevant in the context of report title AND Aim statement is substantiated by the information summarised in the Introduction
2.3.5 – Report includes a methods statement.	Methods statement is missing or irrelevant	Methods statement is relevant to this report BUT Statement is incomplete (insufficient information to allow reader to repeat work)	Complete methods statement is provided that allows reader to repeat work, AND Summarises approach taken to ensure that information used is credible	Complete and concise methods statement is provided that allows reader to repeat work and that succinctly summarises approach taken to ensure that information used is credible
3.2.6 – Appropriate use of figures and/or tables.	Figures and/or tables missing	Figures and/or tables provided but have limited relevance to the report	Figure and/or tables accurate and relevant, BUT poorly presented (captions and relevant information missing, poorly formatted, hard to read, etc.)	Well-presented and relevant figures and/or tables that enhance text in ways appropriate to chosen audience

3.3.1 – Identify the contribution of Māori knowledge to solving a sustainability issue.	Inaccurate explanation of Māori knowledge concepts explored in course, OR no explanation of role of Māori knowledge	Contextually correct use of key Mātauranga Māori concepts, BUT not well connected to the Massey Climate Action Plan	Contextually correct use of key Mātauranga Māori concepts, AND appropriate connection to the Massey Climate Action Plan	Accurate explanation that explores the partnership between science and Mātauranga Māori in the context of the Massey Climate Action Plan AND information is connected appropriately to Māori worldviews and contexts
3.4.1 – Provide evaluative reflection on the peer review process.	No reflection on the peer review process	Reflection describes engagement with the process of peer reviewing the work of others, BUT No reflection on comments received	Reflection describes engagement with peer reviewer comments received, BUT No reflection on the process of peer reviewing the work of others	Appraisal and commentary accurately reflects the main elements of peer reviewers comments, AND Reflects on own experience of providing peer review
3.5.1 – Explain the concept of sustainability and how it can be applied in a real example.	Broad context of sustainability and UNSDGs is not described	Rationale for the Massey Climate Action plan is explained in context of sustainability and UNSDGs,	Rationale for the Massey Climate Action plan is explained in context of sustainability and UNSDGs, AND Explanation is accurate and appropriately related to given situation	Contextual explanation of sustainability and situation shows connection between own understanding, concepts of sustainability discussed in course, and purpose of the report
3.5.2 – Make recommendations to address sustainability issues.	Recommendations missing, irrelevant or inaccurate	Recommendations are made but are not context specific	Recommendations are contextually appropriate to Massey's Climate Action Plan	Recommendations are novel, sensible and appropriate AND Reflect on the purpose of the report
